PROFESSIONAL SUMMARY

Operations professional with experience supporting CRM data, lead routing, reporting, and campaign execution across SaaS and digital media. Worked with Salesforce and HubSpot to support sales handoffs and with CM360/DV360 to monitor campaign performance, troubleshoot delivery issues, and keep client work on track.

CORE SKILLS

Operations: CRM data management, lead routing, sales handoffs, account follow-up, customer agreements, process documentation
Reporting & Analysis: Excel (pivot tables), SQL/PostgreSQL, Power BI, DAX, KPI/ROI reporting, data validation
Systems & Tools: Salesforce, HubSpot, Google CM360/DV360, Microsoft 365
Team Support: Cross-team coordination, campaign quality checks, issue resolution, customer communication

PROFESSIONAL EXPERIENCE

Customer Service Solutions Representative (Field Sales)

Advanced Material Handling Systems / Toyota Material Handling Systems | Jan 2025 - Aug 2025

- Maintained CRM account records for a new territory, tracking customer activity, service needs, follow-up dates, and next steps.
- Prepared preventive maintenance (PM) agreements for customers and coordinated follow-up on account and service needs.
- Organized customer visits, calls, and meetings while prioritizing accounts and keeping records current.

Digital Advertising Operations Specialist

Cox Media | Sep 2022 - May 2024

- Built and launched digital advertising campaigns in Google CM360 and DV360, checking setup details for accuracy before launch.
- Monitored campaign pacing, delivery, and performance across client accounts and made adjustments as needed.
- Reviewed campaign KPI and ROI reports, checked results for accuracy, and shared findings with account teams for client reviews.
- Worked with account, creative, and operations teams to troubleshoot campaign issues and meet client deadlines.

Marketing Operations Intern

LeaseQuery (now FinQuery) | Aug 2021 - May 2022

- Created campaigns, forms, workflows, and reports in Salesforce and HubSpot to support inbound marketing programs.
- Maintained lead and contact records, corrected CRM errors, and kept information current for sales follow-up.
- Reviewed leads from webinars, product tours, and website forms against qualification criteria and routed them to sales reps.
- Monitored a shared inbox for lead and CRM requests, documented inquiries, and coordinated marketing-to-sales handoffs.

FEATURED PROJECT

AsterPeak Revenue Operations Command Center

Independent Portfolio Project | Sep 2026 - Oct 2026

- Built a revenue operations project using 13,864 synthetic B2B SaaS records with PostgreSQL/SQL, Excel, Power BI, and Salesforce.
- Used SQL and Power BI to flag 53 simulated opportunities representing $2.05M in at-risk pipeline revenue and created reports to prioritize review.
- Configured Salesforce custom fields, five validation rules, approval checks, reports, and workflows for lead routing and deal tracking.

ADDITIONAL EXPERIENCE

Independent Pet Care Provider | Self-Employed | Aug 2025 - Present

- Manage recurring client schedules, care instructions, payments, and updates while working independently.

EDUCATION

Bachelor of Business Administration, Digital Marketing | University of Georgia | May 2021
